DOON MEDICAL COLLEGE HOSPITAL -

A pilot project was rolled out in the Doon Medical College Hospital providing disposable 'easy spit' glasses to patients in the isolation ward to check the practice of spitting in public places. The glasses were conceptualized by a group of youth from Nagpur and made out of biodegradable materials like polymer, paper and pulp.

PAURI SHGs -

Self-Help Groups in Pauri, Uttarakhand are producing masks on a large scale in coordination with the National Urban Livelihoods Mission.
