

ODISHA

COVID DEDICATED HEALTH INFRASTRUCTURE -

Odisha's government entered into a Memorandum of Understanding with two private hospitals for establishing Dedicated COVID Hospitals. The facilities were set up using Corporate Social Responsibility (CSR) funds of the Odisha Mining Corporation, in collaboration with private hospitals. This collaborative approach with the private sector enabled Odisha to become one of the first states in the country to have a Dedicated COVID Hospital in each of its districts before end-April 2020.
